

Mobile Mini Garbage Compactor For Household Refuse Collection

1&2. Mini-size SIDEPAK side loading 3 cylinder compactor (6m³); on 9 ton GVW chasis supplied to Kathmandu ADB Loan-1240-NEP(SF).

IPWT, the renowned name in solid waste management systems, now offers the time and cost-saving, maintenance-free, vehicle-mounted, SIDEPAK® Refuse Collector.

SIDEPAK® is a product of IPWT's in-house development program, that lets you use the truck engine for all the operations, adding to fuel economy.

SIDEPAK® is custom-made so as to snugly fit onto any light commercial vehicle chassis.

SIDEPAK® is especially designed to make the task of garbage collection in the city's narrow lanes, easy and effective. SIDEPAK® provides convenience and makes the process of garbage collection economical by compacting the garbage, thereby decreasing the number of trips made to landfills, savings on fuel cost. Once full, the SIDEPAK® is driven to the dumping area and emptied by the ejector mechanism. Obstructions to traffic and pedestrian movement is also kept to the desired minimum.

Features included in the SIDEPAK® Refuse Collector are : a reinforced compacting container; a sturdily designed hydraulic bin lift, a telescopic ejector plate ; a hydraulic opening rear door ; a side inspection window ; and a large assortment of custom-built accessories for added efficiency.

SIDEPAK® machines are custom-made in capacities depending on gross vehicle weight (GVW) of truck chassis (suggested capacities : 5m³ on 7 ton GVW chassis and 7 m³ on 9 ton GVW chassis). IPWT builds quality into all aspects of every SIDEPAK® Refuse Collector they manufacture, whatever the type, whatever the size.

Maintenance is virtually nil for these rugged machines, and at time when they need to be serviced, our after sales service is just a phone call away !

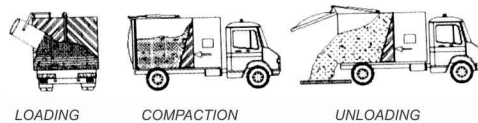

APPLICATIONS :

- Allows point-to-point collection of refuse
- Convenient manual / mechanised side loading and unloading
- High pressure positive garbage compaction
- Hygienic transportation in fully enclosed body

ADVANTAGES

- Carries garbage load of two conventional trucks
- Limited dimensions, suitable to operate on smaller streets
- Side - loading prevents cross-parking, thus avoiding traffic pile-up
- Mechanised bin-lifting arrangement option for ease of operation
- Maintenance is virtually nil for the first few years
- Easy to operate as no special skill is required.
